## PRE-EVENT PLANNING

We have relationships and contacts with virtually any additional event service you might desire - from venues to cakes, caterers and more. We are happy to offer recommendations. Should you require our staff to research, locate or pick up additional items or services **we charge a one-time administrative fee of \$50.**

NOTE: We are not a caterer. We do not prepare food and/or cakes.

After these initial costs, everything else is a la carte and can be tailored to fit your budget. You can select from décor, tables and chairs, venues, paper goods, crafts and goodies at a separate price for each. All prices are outlined in a proposal that we provide once your event is confirmed.

These proposals are put together by theme, so you can get lots of ideas for whatever kind of party you're looking to have!
